DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 20,22 and 35-38 are rejected under 35 U.S.C. 102(b) as being anticipated by Moulton'446 (US Pat 774,446).

The Moulton'446 discloses a device for treating breathing disorders comprising a housing (5,6,7,11) and at least one valve (9,10), wherein the at least one valve (i.e. in a mode of operation that a single valve is used) can be arranged such that the valve is left in a partially open position. Accordingly, in one mode of operation, the valve would check or partially obstruct expiration and allow for un-checked or unobstructed flow during inspiration.

Response to Arguments

Applicant's arguments filed 12-13-06 have been fully considered but they are not persuasive. Applicant's argument with respect to the Moulton reference not disclosing partially obstructed expiration, see Examiner's rejection above for clarification with respect to this limitation.

Claims 1-4,6-8,10,11 and 13-19 are allowed.

Art Unit: 3771

Claims 21 and 23 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
